FROM

K. MATTHAN ESQ., B.A.,

Food Controller and Director of Civil Supplies in Mysore

TO

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Govt of Mysore.

Sir,

I have the honour to invite attention to the announcement in the Madras daily papers received this morning that a Press Communique has been issued stating that all restrictions on the inter-provincial movements of rice will be removed with effect from the 1st April except in the case of movements of rice to and from the North West Frontier Province and Baluchistan. I have not received official confirmation of this, but this will doubtless be received in due course.

2. This decision of the Government of India makes it necessary to alter the arrangements for interchange of foodstuffs between the Madras Presidency and the Mysore State. At present we are getting 664 tons of rice from Madras and allowing the export from Mysore of rice, ragi and horsegrain to the same extent. Now that we can get rice from Madras without restriction the question arises at what extent exports to Madras should be allowed. It appears to me reasonable that the minimum requirements of Madras which are at present estimated at 664 tons will have to be allowed. As

As however we are to give something to Coorg also  
I am corresponding with the Director of Civil Supplies,  
Madras, with a view to see whether the requirements of  
Madras can be reduced. I enclose for the information  
of Government a copy of letter No.C.449-20-2 of the  
25th instant from the Director of Civil Supplies, Madras  
and my reply thereto.

I have the honour to be,

Sir,

I have the honour to invite attention to para  
3 of my letter No.C.219/20-1 dated 9th February 1920  
and to enquire if <sup>you</sup> will let me know whether it is likely  
that the Mysore Darbar will remove the embargo on the  
movement of foodstuffs to this Presidency in the near  
future. I have <sup>no</sup> information of the situation in your  
State as it would present itself to you and shall be  
obliged if you can indicate the position to me as early

To

The Director of Civil Supplies,

Madras.

Sir,

With reference to your letter No.C.449-20-2 of the 25th instant, I have the honour to state that the Mysore Government have no intention of removing the embargo on the movements of foodstuffs from Mysore to other parts of India in the immediate future

As regards the situation in this State I may say that the Kartika harvest was generally speaking satisfactory all over the State, but stocks are still not coming freely into the market and prices are high. Prices are likely to remain high in this State as long as the import of rice from the Madras Presidency continues to be restricted since this State always imported a large quantity of rice in normal years from the Madras Presidency. It is understood that inter-provincial restrictions in regard to the movement of rice will shortly be removed by the Government of India and if accordingly free import of rice from Madras into Mysore is allowed and continues for a short time prices here are likely to ease and the question of removing the existing embargo could then be taken up

Meantime in regard to the interference of foodstuffs for the month of April, I have the honour to request that you will be so good as to intimate to me the minimum quantity of foodstuffs that are required for Nilgiris, Malabar and Hosur. As we have now to supply pretty large quantities to Coorg from Mysore it is found necessary to restrict exports to Madras to the minimum of your requirements.

I have the honour to be,

Sir,

Your most obedient servant
